

## **FELLFAB® COMPLETES THE ASSET ACQUISITION OF MILTEX SOLUTIONS CANADA INC.**

**Hamilton, Ontario, Canada – January 23, 2025.**

FELLFAB®, a leading manufacturer of engineered textiles solutions is excited to announce its acquisition of the brand and assets of Miltex Solutions Canada Inc. a renowned manufacturer that also provides repair of textile based military and tactical products. The Miltex Solutions Canada Inc. brand Warrior Gear is also included in this acquisition.

Miltex Solutions Canada Inc. has established a strong reputation for providing high-performance textile products, including personnel and cargo parachutes, custom drone parachutes, shelters, and tactical gear to government agencies and private companies. Manufacturing operations have moved from Trenton, Ontario to the FELLFAB® Hamilton, Ontario facility.

“This acquisition is a natural alignment of capabilities. Miltex Solutions Canada Inc.’s commitment to quality and performance complements our vision of providing advanced engineered textile solutions to our customers across the diverse industries we serve,” *Glen Fell, CEO of FELLFAB®.*

The acquisition highlights the FELLFAB® commitment to strategic growth and its mission to be a leader in delivering innovative engineered textile solutions to its customers.

“We are excited to welcome Miltex Solutions Canada Inc. to the FELLFAB® group of companies. Miltex’s product portfolio for the defence and security markets aligns seamlessly with our engineering expertise and advanced manufacturing capabilities. This acquisition represents an important milestone for FELLFAB® and diversification of our product portfolio.” *Stewart McKinney, VP of Sales and Marketing at FELLFAB®.*

### **About FELLFAB®**

FELLFAB® is a privately held company with over 70 years of experience, headquartered in Hamilton, Ontario, Canada. The company also operates two manufacturing facilities in the United States, located in Forest Park, Georgia, and Fort Worth, Texas.
